Profile

Full Stack Developer with 2+ years of experience building scalable web applications using React.js, Next.js, TypeScript, and Node.js. Skilled in developing responsive user interfaces, building RESTful APIs, and integrating applications with databases and third-party services. Strong focus on performance optimization, authentication systems, and scalable architecture.

Experience

PRISMATECS | Cairo (HYBRID)
Full Stack Developer (React & Node.js) | Nov 2025 – Present

- Developed scalable full-stack applications using React.js, Next.js, TypeScript, and Node.js.
- Built and consumed RESTful APIs for dynamic, data-driven applications.
- Designed reusable frontend components and integrated them with backend services.
- Implemented authentication and authorization mechanisms for secure user access.
- Optimized application performance using code splitting, lazy loading, and efficient API handling.

SCANDIWEB | LATVIA (REMOTE)
Full Stack Developer (React & Node.js) | Aug 2024 – Oct 2025

- Developed full-stack features using React.js and Node.js-based services.
- Built and integrated REST APIs to support frontend functionality and business logic.
- Contributed to authentication systems, dashboards, and secure workflows.
- Integrated applications with CMS platforms and third-party services.
- Improved application scalability and performance through optimized rendering and API usage.
- Collaborated with QA, DevOps, and business teams in Agile environments.
- Participated in code reviews, debugging, and cross-functional collaboration.

MOSELEY MEDIA DEVELOPMENT | CAIRO
Full Stack Developer (React & Node.js) | May 2024 – Jul 2024

- Developed full-stack web applications using React.js and Node.js fundamentals.
- Built and integrated API-driven features for dynamic content delivery.
- Designed responsive user interfaces connected to backend services.
- Assisted in testing, debugging, and performance improvements.

FREELANCER
Jun 2022 – Apr 2024

•Built full-stack applications using React, JavaScript, and Node.js-based backend services.

•Developed RESTful APIs and integrated third-party platforms.

•Delivered responsive, user-focused interfaces with scalable backend logic.

•Managed end-to-end development from UI implementation to backend integration.

Education

Sept 2018 - Jun 2023
B. Sc in Mechanical Power Engineering, Menoufia university

Skills

- React.js
- Next.js
- Node.js
- REST APIs
- API Integration,
- TypeScript
- JavaScript (ES6+)
- HTML5
- CSS3
- Responsive Web Design
- Single Page Applications (SPA)
- Tailwind CSS
- Bootstrap
- Sass / SCSS
- Material UI
- CSS Modules
- Web Performance Optimization
- Lazy Loading
- Code Splitting
- Memoization
- Accessibility (WCAG)
- Semantic HTML
- ARIA
- Git & GitHub
- NPM
- Webpack
- Agile
- Jira
